[Despatch Abstract.]

M-R.O.- Access to records- Srimathi Vijayalakshmi Srinivasan, research student- Permitted.

Copy of letter No.3046-D.7/49-1 dated 12th December 1949 from Dr.B.S.Baliga, Ph.D. (Lond.), Curator, Madras Record Office Chittoor, to The Secretary to Government, Education and Public Health Department, Fort St. George, Madras.

Sub:- Research - Access to records - Srimathi Vijayalakshmi Srinivasan - Permission-Recommende

I enclose a letter which I have received from Sri R. Bhaskaran, Head of the Department of Politics and Public Administration, University of Madras, recommending an application from Srimathi Vijayalakshmi Srinivasan, a research student working in his Department, for permission to consult the records available in this office, relating to the subject of her research, "A Short History of the Madras Secretariat with special reference to its organization and procedure". The period covered by the search has not been specified in the application. Evidently she wants to consult the records up to date.

2. According to the rules governing the access of the public to the records in this office for purposes of bonafide historical research issued in G.O.No.58 Finance, dated 5-2-1932, I am authorised to grant permission to consult the records of the public and other departments (except Revenue and Irrigation) upto 1856. I am granting such permission to the Research student. The sanction of the Government is necessary for consulting the records belonging to the Revenue Department after 1800 and other departments after 1856. Recently the Government have in their letter No. 50040-48-4 C.2 Education, dated 5-2-1949 to the Secretary to the Government of India, Ministry of Education, stated that they agree with the views expressed in my letter No.1707-D.7/48-1, dated 26-7-1948 that the confidential records which are more than 50 years old may also be thrown open to research students. The records of the last 50 years, being current records, the originals of the records of this period, whether confidential or non-confidential, are not thrown open to research. Only printed copies of the records placed at the disposal of the press during this period are made available to research students

3. As the subject of the research cannot be regarded as objectionable, I recommend that permission to consult the

confidential and non-confidential records of all Departments from 1856 to 1898 and printed copies of the records which were placed at the disposal of the press between 1899 and 1944 may be granted in this case.

4. If the Government grant the permission applied for, the usual precautions will be ~~them~~ taken to see that she does not consult records which are not relevant to her subject and that the notes taken by her are scrutinised before she is allowed to make use of them. Care will also be taken to see that the rules governing research contained in G.O.Nos.56, Finance dated 5-2-1932 and 297 Finance, dated 2-5-1935 are duly observed by the research student.

Yours faithfully,

Sd. B.S. Baliga.
